Description

Perfect for the empty nesters or the young professionals, this little piece of Halifax History will give you all the feels. Just the right fit with the main floor consisting of a cheerful entry, inviting living room, cozy eat-in kitchen and bright laundry/mud room leading out to the back deck.

Upstairs you will find a spacious master bedroom with a dreamy dormer, a second bedroom which could also function well as a large office or den, and a lovely loo featuring a claw foot tub.

The basement is high, dry and perfect for storage also featuring a wine cellar/cold room. Need more space? Develop the attic and turn it into a master suite. Historical elements have been

thoughtfully preserved throughout the home including original flooring and trim work and delightful doorknobs. The Hydrostone has been voted one of the “Top Ten Neighborhoods in Canada” by The Canadian Institute of Planners. Sebastian Place boasts a wide boulevard perfect for picnicking and where puppies are often seen playing. A short stroll will take you to the unique shops and eateries of The Hydrostone District. In recent years many updates have been completed including, but not limited to, updated electrical, new roof, and newer windows. Skip the condo fees, and enjoy this sweet spot with little maintenance and the convenience of living in the heart of the North End of Halifax.
